

CERTIFICATION OF COMPLIANCE

for

INTEGRATED BIOMETRICS, LLC

***Watson Mini single and dual finger roll/plain livescan capture device at 500 ppi without membrane,
(PIV-071006 and Appendix F Mobile ID FAP 45)***

The FBI certifies that the equipment described above is in compliance with the following FBI CJIS Division's Integrated Automated Fingerprint Identification System Image Quality Specifications (IQS):

**EBTS Appendix F Mobile ID FAP 45 using
Appendix F Specifications**

This certification process does not constitute an endorsement, but only attests that the product meets FBI standards. Continued acceptance of the images created by an installed system, for retention in the FBI Master Fingerprint files, is contingent on the ability of the product to meet the IQS over time. As equipment can degrade, the FBI recommends that your company assist customers in the establishment of quality assurance programs and appropriate maintenance schedules for your products.

*This certification process is not intended to endorse one entity or implementation over another, but merely to certify that the implementation meets FBI standards.
The authenticity of this certificate can be confirmed by checking the online registry at <fbibiospecs.org>.*

Date: July 9, 2012
